**Note:** Shaded cells indicate that an upgrade to ACT! by Sage Premium Solutions 2009 (11.0) is required to inherit that new and improved feature listed.

**Important Note:** Sage Software recommends you review ACT! 2009 Solutions system requirements at [www.act.com/2009systreq](http://www.act.com/2009systreq) to ensure you meet these requirements. **Compatibility:** ACT! cannot be used in conjunction with ACT! Premium Solutions. ACT! Premium Solutions are only compatible with their respective same editions. **Add-on Solutions:** Visit [www.actsolutions.com](http://www.actsolutions.com) or check with your add-on product provider to determine compatibility.

**Important Note for Customers Using ACT! 2004 (6.0) or Prior:** Customer activation and registration are required to use ACT! Solutions. Certain features may have changed or are no longer available, including inbound caller ID functionality, WinFax integration, recording and playback of macros, e-mail/modem-based database synchronization, and SideACT!.

- 1 Not all fields can be linked and linked field types must be compatible.
- 2 This feature is not available in ACT! Premium for Web.
- 3 Requires Microsoft Excel and Word 2002, 2003, and 2007.
- 4 In ACT! Premium for Web, this operation must be performed on the Web server.
- 5 ACT! must be added as an Outlook address book to use this feature.
- 6 In order to utilize Company Security, you must add the Company Access control to your layout.
- 7 Limited access Group and Company names will be viewable from the tree view, but all associated information will remain inaccessible.
- 8 Scalability will vary based on hardware and size and usage of your database. Published minimum system requirements found at: [www.act.com/2009systreq](http://www.act.com/2009systreq) are based on single user environments. You must purchase one license of ACT! per user.
- 9 Must be a member of the Microsoft Windows administrator's group to perform the following: install, register, and activate ACT!. Features such as ACT! Scheduler (Premium product only), sharing database with other users, and changes to handheld sync settings must be performed by a Windows administrator.
- 10 Delivered as an MSI package. Software to distribute MSI package is not included. Silent Activation on machines requires Internet access. Users must be machine administrators in order to activate.
- 11 In ACT! Premium for Web, administrative functions must be performed on the Web server.
- 12 Requires additional purchase.
- 13 Citrix and Terminal Services require specific configurations. Citrix is supported using Presentation Server 3.0 and 4.0.

## About ACT!

The #1 selling contact and customer management solution for over 20 years, ACT! by Sage continues to bring the latest, most intuitive technology to businesses across the globe. ACT! solutions have more than 2.8 million individual users and 43,000 corporate customers in 25 countries, including individuals, small businesses, selling professionals, and corporate teams. Because ACT! solutions support an “anywhere” workforce with seamless online, offline, and mobile access solutions, they work for any business environment. With ACT!, you can achieve maximum productivity so you have time to focus your attention on business-critical activities, provide a better customer experience because you understand the intricate needs of your contacts, and make informed decisions to advance your business.

End-to-end solutions. Expert advice. Premium support. That's Sage 360<sup>®</sup>.

Sage Software supports the needs, challenges, and dreams of 2.7 million small and mid-sized business customers in North America through easy-to-use, scalable and customizable software and services. Sage Software is a subsidiary of The Sage Group plc, a leading international supplier of business management software and services formed in 1981 and listed on the London Stock Exchange since 1989.
